Tulips & Pansies Headdress the Affair

Tulips & Pansies benefits Village Care of New York's Network of AIDS Services and The Momentum Project, Inc., a food and nutrition program and the newest addition to our organization.

Village Care of New York is a community-based, not-for-profit organization serving persons living with HIV/AIDS, seniors and individuals in need of medical and rehabilitation services.

The Network of AIDS Services includes two adult day treatment centers, a certified home health agency, community case management, Red Hook Community Center, The Village Health Center, Rivington House and The Momentum Project.

The Momentum Project sustains health and fosters wellness by providing communal meals, pantry bags and supportive services to any person living with HIV/AIDS, their family members and loved ones in New York City. Momentum creates a caring environment in which hope can develop, the spirit is nurtured and clients improve the quality of their lives.
