The Momentum Project, an AIDS community program of VillageCare, was founded in 1985 to ensure that those affected by HIV/AIDS had a safe, non-judgmental place to turn for a nutritious meal.

Twenty-five years and millions of meals later, Momentum continues to make room at the table for all who need us. So in 2010, we're celebrating how far we've come — and everyone who helped us along the way.

Thank you for your support.
